

The BSA Owners Club of Southern California is a club dedicated to the enjoyment of antique and classic British Motorcycles. We feature the BSA; however, ownership of a BSA or other British motorcycle is not required.

We celebrate BSAs and other British Motorcycles by holding events for our members and invited guests.

Our events range from Street Rides, Dual Sport Rides, and Rallies, to Swap meets and Bi-Monthly Meetings. We have a diverse activities calendar that includes something of interest for everyone. We offer for sale great club Logo-Wear. Our club serves as a collection point for the resources and experience necessary to restore and keep your classic British Motorcycle in good condition.

Membership includes an exclusive member pin and subscription to our monthly newsletter, the **PILED ARMS**, which features technical articles, ride reviews, member photos, announcements, calendar of events, and information to keep you up to date with the world of British Motorcycling.

Please join us in our adventures and add your unique perspective to the **Bold World of BSA!** We welcome you to participate and contribute to BSA Owners Club of Southern California.

Please check out our website: [www.bsaocsc.org](http://www.bsaocsc.org)
